## Product Datasheet

### Human Poly (ADP-ribose) glycohydrolase (PARG) ELISA Kit BYT-ORB3147028

Article Name	Human Poly (ADP-ribose) glycohydrolase (PARG) ELISA Kit
Biozol Catalog Number	BYT-ORB3147028
Supplier Catalog Number	orb3147028
Alternative Catalog Number	BYT-ORB3147028-48, BYT-ORB3147028-5, BYT-ORB3147028-50, BYT-ORB3147028-96
Manufacturer	Biorbyt
Category	Kits/Assays
Application	ELISA
Species Reactivity	Human
Product Description	This Human Poly (ADP-ribose) glycohydrolase (PARG) ELISA Kit employs a two-site sandwich ELISA to quantitate PARG....
Range	Please inquire
Sensitivity	Please inquire
Samples	Cell culture supernatantsSerumPlasmaOther biological fluids

Application Notes

Application Notes: This Human Poly (ADP-ribose) glycohydrolase (PARG) ELISA Kit employs a two-site sandwich ELISA to quantitate PARG in samples. An antibody specific for PARG has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any PARG present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for PARG is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of PARG bound in the initial step. The color development is stopped and the intensity of the color is measured
