Product Datasheet

Rat FSHR(Follicle Stimulating Hormone Receptor) Microsample ELISA Kit BYT-ORB2997272

Article Name	Rat FSHR(Follicle Stimulating Hormone Receptor) Microsample ELISA Kit
Biozol Catalog Number	BYT-ORB2997272
Supplier Catalog Number	orb2997272
Alternative Catalog Number	BYT-ORB2997272-48,BYT-ORB2997272-96
Manufacturer	Biorbyt
Category	Kits/Assays
Species Reactivity	Rat
Product Description	Rat FSHR(Follicle Stimulating Hormone Receptor) Microsample ELISA Kit...
Range	0.32-20 ng/mL
Sensitivity	0.125 ng/mL
UniProt	P20395
Samples	tissue homogenates, cell lysates and other biological fluids

Application Notes

Application Notes: The test principle applied in this kit is Sandwich enzyme immunoassay. The microtiter plate provided in this kit has been pre-coated with an antibody specific to Rat FSHR. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to Rat FSHR. Next, Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added, only those wells that contain Rat FSHR, biotin-conjugated antibody and enzyme-conjugated Avidin will exhibit a change in color. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm 10nm. The concentration of Rat FSHR in the samples is then determined by comparing the OD of the samples to the standard curve
