Product Datasheet

Human NCF2(Neutrophil Cytosolic Factor 2) Microsample ELISA Kit BYT-ORB2997308

Article Name	Human NCF2(Neutrophil Cytosolic Factor 2) Microsample ELISA Kit
Biozol Catalog Number	BYT-ORB2997308
Supplier Catalog Number	orb2997308
Alternative Catalog Number	BYT-ORB2997308-48,BYT-ORB2997308-96
Manufacturer	Biorbyt
Category	Kits/Assays
Species Reactivity	Human
Product Description	Human NCF2(Neutrophil Cytosolic Factor 2) Microsample ELISA Kit...
Range	0.32-20 ng/mL
Sensitivity	0.121 ng/mL
UniProt	P19878
Samples	Tissue homogenates, cell lysates and other biological fluids

Application Notes

Application Notes: The test principle applied in this kit is Sandwich enzyme immunoassay. The microtiter plate provided in this kit has been pre-coated with an antibody specific to Human NCF2. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to Human NCF2. Next, Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added, only those wells that contain Human NCF2, biotin-conjugated antibody and enzyme-conjugated Avidin will exhibit a change in color. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm 10nm. The concentration of Human NCF2 in the samples is then determined by comparing the OD of the samples to the standard curve
