Product Datasheet

Human MYBPHL(Myosin-binding protein H-like) Microsample ELISA Kit BYT-ORB2997313

Article Name	Human MYBPHL(Myosin-binding protein H-like) Microsample ELISA Kit
Biozol Catalog Number	BYT-ORB2997313
Supplier Catalog Number	orb2997313
Alternative Catalog Number	BYT-ORB2997313-48, BYT-ORB2997313-96
Manufacturer	Biorbyt
Category	Kits/Assays
Species Reactivity	Human
Product Description	Human MYBPHL(Myosin-binding protein H-like) Microsample ELISA Kit...
Range	0.16-10 ng/mL
Sensitivity	0.065 ng/mL
UniProt	A2RUH7
Samples	Serum, plasma, tissue homogenates, cell lysates, cell culture supernates and other biological fluids

Application Notes

Application Notes: The test principle applied in this kit is Sandwich enzyme immunoassay. The microtiter plate provided in this kit has been pre-coated with an antibody specific to Human MYBPHL. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to Human MYBPHL. Next, Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added, only those wells that contain Human MYBPHL, biotin-conjugated antibody and enzyme-conjugated Avidin will exhibit a change in color. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm 10nm. The concentration of Human MYBPHL in the samples is then determined by comparing the OD of the samples to the standard curve
