Product Datasheet

Simian GLb(Galactosidase Beta) ELISA Kit BYT-ORB3126877

Article Name	Simian GLb(Galactosidase Beta) ELISA Kit
Biozol Catalog Number	BYT-ORB3126877
Supplier Catalog Number	orb3126877
Alternative Catalog Number	BYT-ORB3126877-48, BYT-ORB3126877-96
Manufacturer	Biorbyt
Category	Kits/Assays
Species Reactivity	Primate
Product Description	Simian GLb(Galactosidase Beta) ELISA Kit...
Range	125-8000 pg/mL
Sensitivity	55 pg/mL
Samples	serum, plasma, tissue homogenates, cell lysates and other biological fluids

Application Notes

Application Notes: The test principle applied in this kit is Sandwich enzyme immunoassay. The microtiter plate provided in this kit has been pre-coated with an antibody specific to Simian GLb. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to Simian GLb. Next, Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added, only those wells that contain Simian GLb, biotin-conjugated antibody and enzyme-conjugated Avidin will exhibit a change in color. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm 10nm. The concentration of Simian GLb in the samples is then determined by comparing the OD of the samples to the standard curve
