Simian TGFa(Transforming Growth Factor Alpha) ELISA Kit BYT-ORB3127004

Article Name	Simian TGFa(Transforming Growth Factor Alpha) ELISA Kit
Biozol Catalog Number	BYT-ORB3127004
Supplier Catalog Number	orb3127004
Alternative Catalog Number	BYT-ORB3127004-48, BYT-ORB3127004-96
Manufacturer	Biorbyt
Category	Kits/Assays
Species Reactivity	Primate
Product Description	Simian TGFa(Transforming Growth Factor Alpha) ELISA Kit...
Range	15.63-1000 pg/mL
Sensitivity	6 pg/mL
Samples	serum, plasma, tissue homogenates, cell lysates, cell culture supernates and other biological fluids

Application Notes

Application Notes: The test principle applied in this kit is Sandwich enzyme immunoassay. The microtiter plate provided in this kit has been pre-coated with an antibody specific to Simian TGF α . Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to Simian TGF α . Next, Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added, only those wells that contain Simian TGF α , biotin-conjugated antibody and enzyme-conjugated Avidin will exhibit a change in color. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm \pm 10nm. The concentration of Simian TGF α in the samples is then determined by comparing the OD of the samples to the standard curve
