Product Datasheet

Simian Cys-C(Cystatin C) ELISA Kit BYT-ORB3127051

Article Name	Simian Cys-C(Cystatin C) ELISA Kit
Biozol Catalog Number	BYT-ORB3127051
Supplier Catalog Number	orb3127051
Alternative Catalog Number	BYT-ORB3127051-48, BYT-ORB3127051-96
Manufacturer	Biorbyt
Category	Kits/Assays
Species Reactivity	Primate
Product Description	Simian Cys-C(Cystatin C) ELISA Kit...
Range	12.5-800 ng/mL
Sensitivity	5.8 ng/mL
Samples	serum, plasma, tissue homogenates, cell lysates, cell culture supernates and other biological fluids

Application Notes

Application Notes: The test principle applied in this kit is Sandwich enzyme immunoassay. The microtiter plate provided in this kit has been pre-coated with an antibody specific to Simian Cys-C. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to Simian Cys-C. Next, Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added, only those wells that contain Simian Cys-C, biotin-conjugated antibody and enzyme-conjugated Avidin will exhibit a change in color. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm 10nm. The concentration of Simian Cys-C in the samples is then determined by comparing the OD of the samples to the standard curve
