| Manufacturer               | Biorbyt                                                                                                                                                                                                                                                                          |
| Category                   | Proteine/Peptide                                                                                                                                                                                                                                                                 |
| Product Description        | This E. coli ompC protein spans the amino acid sequence from region 22-367aa. Purity: Greater than 90% as determined by SDS-PAGE....                                                                                                                                             |
| Molecular Weight           | 54.3 kDa                                                                                                                                                                                                                                                                         |
| UniProt                    | <a href="#">P06996</a>                                                                                                                                                                                                                                                           |
| Buffer                     | If the delivery form is liquid, the default storage buffer is Tris/PBS-based buffer, 5%-50% glycerol. If the delivery form is lyophilized powder, the buffer before lyophilization is Tris/PBS-based buffer, 6% Trehalose, pH 8.0.                                               |
| Source                     | Escherichia coli (strain K12)                                                                                                                                                                                                                                                    |
| Purity                     | Greater than 90% as determined by SDS-PAGE.                                                                                                                                                                                                                                      |
