| Species Reactivity         | Human                                                                                                                                                                      |
| Immunogen                  | KLH conjugated synthetic peptide derived from mouse ADAM2 (451-550/735aa)                                                                                                  |
| Conjugation                | Biotin                                                                                                                                                                     |
| Product Description        | ADAM2 Rabbit Polyclonal Antibody (Biotin) is a Biotin conjugated antibody targeting ADAM2. This antibody is suitable for WB. It exhibits reactivity with Human samples.... |
| Clonality                  | Polyclonal                                                                                                                                                                 |
| Concentration              | 1mg/ml                                                                                                                                                                     |
| Buffer                     | 0.01M TBS (pH7.4) with 1% rAlbumin, 0.02% Proclin300 and 50% Glycerol.                                                                                                     |
| Target                     | ADAM2                                                                                                                                                                      |
