## Product Datasheet

### **Dog Formyl Peptide Receptor 2 (FPR2) ELISA Kit BYT-ORB1291284**

Article Name	Dog Formyl Peptide Receptor 2 (FPR2) ELISA Kit
Biozol Catalog Number	BYT-ORB1291284
Supplier Catalog Number	orb1291284
Alternative Catalog Number	BYT-ORB1291284-48, BYT-ORB1291284-96
Manufacturer	Biorbyt
Category	Kits/Assays
Application	ELISA
Species Reactivity	Canine
Product Description	Dog FPR2 (Formyl Peptide Receptor 2) ELISA Kit...
Concentration	10 ng/mL
Range	0.16-10 ng/mL
Sensitivity	0.054 ng/mL
Samples	Tissue homogenates, cell lysates and other biological fluids

Application Notes

Application Notes: standard: 10 ng/mL. Test principle: The test principle applied in this kit is Sandwich enzyme immunoassay. The microtiter plate provided in this kit has been pre-coated with an antibody specific to Dog FPR2. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to Dog FPR2. Next, Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added, only those wells that contain Dog FPR2, biotin-conjugated antibody and enzyme-conjugated Avidin will exhibit a change in color. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm 10nm. The concentration of Dog FPR2 in the samples is then determined by comparing the OD of the samples to the standard curve
