Product Datasheet

Human Symmetric dimethylarginine (SDMA) ELISA Kit BYT-ORB1291298

Article Name	Human Symmetric dimethylarginine (SDMA) ELISA Kit
Biozol Catalog Number	BYT-ORB1291298
Supplier Catalog Number	orb1291298
Alternative Catalog Number	BYT-ORB1291298-48, BYT-ORB1291298-96
Manufacturer	Biorbyt
Category	Kits/Assays
Application	ELISA
Species Reactivity	Human
Product Description	Human SDMA (Symmetric dimethylarginine) ELISA Kit...
Concentration	20 nmol/mL
Range	0.32-20 nmol/mL
Sensitivity	0.12 nmol/mL
Samples	EDTA Plasma, Serum

Application Notes

Application Notes: standard: 20 nmol/mL. Test principle: This assay employs the competitive inhibition enzyme immunoassay technique. The microtiter plate provided in this kit has been pre-coated with Human SDMA protein. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to Human SDMA. Next, Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm 10nm. The concentration of Human SDMA in the samples is then determined by comparing the OD of the samples to the standard curve
