Product Datasheet

Dog Heparin (Hepc) ELISA Kit BYT-ORB1291340

Article Name	Dog Heparin (Hepc) ELISA Kit
Biozol Catalog Number	BYT-ORB1291340
Supplier Catalog Number	orb1291340
Alternative Catalog Number	BYT-ORB1291340-48, BYT-ORB1291340-96
Manufacturer	Biorbyt
Category	Kits/Assays
Application	ELISA
Species Reactivity	Canine
Product Description	Dog Hepc (Heparin) ELISA Kit...
Concentration	100 ng/mL
Range	1.57-100 ng/mL
Sensitivity	0.6 ng/mL
UniProt	Q5U9D2
Samples	serum, plasma and other biological fluids

Application Notes

Application Notes: standard: 100 ng/mL. Test principle: The test principle applied in this kit is Sandwich enzyme immunoassay. The microtiter plate provided in this kit has been pre-coated with an antibody specific to Dog Hepc. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to Dog Hepc. Next, Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added, only those wells that contain Dog Hepc, biotin-conjugated antibody and enzyme-conjugated Avidin will exhibit a change in color. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm 10nm. The concentration of Dog Hepc in the samples is then determined by comparing the OD of the samples to the standard curve
