## Product Datasheet

### Human 14-3-3 Protein Gamma (YWHAG) ELISA Kit BYT-ORB1291376

Article Name	Human 14-3-3 Protein Gamma (YWHAG) ELISA Kit
Biozol Catalog Number	BYT-ORB1291376
Supplier Catalog Number	orb1291376
Alternative Catalog Number	BYT-ORB1291376-48, BYT-ORB1291376-96
Manufacturer	Biorbyt
Category	Kits/Assays
Application	ELISA
Species Reactivity	Human
Product Description	Human YWHAG (14-3-3 protein gamma) ELISA Kit...
Concentration	20 ng/mL
Range	0.32-20 ng/mL
Sensitivity	0.126 ng/mL
UniProt	<a href="#">P61981</a>
Samples	Serum, plasma, tissue homogenates and other biological fluids.

Application Notes

Application Notes: standard: 20 ng/mL. Test principle: The test principle applied in this kit is Sandwich enzyme immunoassay. The microtiter plate provided in this kit has been pre-coated with an antibody specific to Human YWHAG. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to Human YWHAG. Next, Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added, only those wells that contain Human YWHAG, biotin-conjugated antibody and enzyme-conjugated Avidin will exhibit a change in color. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm 10nm. The concentration of Human YWHAG in the samples is then determined by comparing the OD of the samples to the standard curve
