Human Thyrotropin Releasing Hormone (TRH) ELISA Kit BYT-ORB776505

Article Name	Human Thyrotropin Releasing Hormone (TRH) ELISA Kit
Biozol Catalog Number	BYT-ORB776505
Supplier Catalog Number	orb776505
Alternative Catalog Number	BYT-ORB776505-48, BYT-ORB776505-96
Manufacturer	Biorbyt
Category	Kits/Assays
Application	ELISA
Species Reactivity	Human
Product Description	This assay employs the competitive inhibition enzyme immunoassay technique. The microtiter plate provided in this kit has been pre-coated with Thyrotropin Releasing Hormone(TRH) protein. Standards or samples are added to the appropriate microtiter pl...
Concentration	500 pg/mL
Range	7.82-500 pg/mL
Sensitivity	2.7 pg/mL
UniProt	P20396
Samples	serum, plasma and other biological fluids

Application Notes

Application Notes: standard: 500 pg/mL. Test principle: This assay employs the competitive inhibition enzyme immunoassay technique. The microtiter plate provided in this kit has been pre-coated with Human TRH protein. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to Human TRH. Next, Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm 10nm. The concentration of Human TRH in the samples is then determined by comparing the OD of the samples to the standard curve
