Product Datasheet

Mouse Heparanase (HPA) ELISA Kit BYT-ORB777023

Article Name	Mouse Heparanase (HPA) ELISA Kit
Biozol Catalog Number	BYT-ORB777023
Supplier Catalog Number	orb777023
Alternative Catalog Number	BYT-ORB777023-48, BYT-ORB777023-96
Manufacturer	Biorbyt
Category	Kits/Assays
Application	ELISA
Species Reactivity	Mouse
Product Description	The test principle applied in this kit is Sandwich enzyme immunoassay. The microtiter plate provided in this kit has been pre-coated with an antibody specific to Heparanase(HPA)....
Concentration	1000 pg/mL
Range	15.63-1000 pg/mL
Sensitivity	6.8 pg/mL
UniProt	Q6YGZ1
Samples	serum, plasma and other biological fluids

Application Notes

Application Notes: standard: 1000 pg/mL. Test principle: The test principle applied in this kit is Sandwich enzyme immunoassay. The microtiter plate provided in this kit has been pre-coated with an antibody specific to Mouse HPA. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to Mouse HPA. Next, Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added, only those wells that contain Mouse HPA, biotin-conjugated antibody and enzyme-conjugated Avidin will exhibit a change in color. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm 10nm. The concentration of Mouse HPA in the samples is then determined by comparing the OD of the samples to the standard curve
