## Product Datasheet

### Mouse Inosine Triphosphatase (ITPA) ELISA Kit BYT-ORB780074

Article Name	Mouse Inosine Triphosphatase (ITPA) ELISA Kit
Biozol Catalog Number	BYT-ORB780074
Supplier Catalog Number	orb780074
Alternative Catalog Number	BYT-ORB780074-48, BYT-ORB780074-96
Manufacturer	Biorbyt
Category	Kits/Assays
Application	ELISA
Species Reactivity	Mouse
Product Description	The test principle applied in this kit is Sandwich enzyme immunoassay. The microtiter plate provided in this kit has been pre-coated with an antibody specific to Inosine Triphosphatase(ITPA)....
Concentration	10 ng/mL
Range	0.16-10 ng/mL
Sensitivity	0.047 ng/mL
UniProt	<a href="#">Q9D892</a>
Samples	Tissue homogenates, cell Lysates and other biological fluids.

Application Notes

Application Notes: standard: 10 ng/mL. Test principle: The test principle applied in this kit is Sandwich enzyme immunoassay. The microtiter plate provided in this kit has been pre-coated with an antibody specific to Mouse ITPA. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to Mouse ITPA. Next, Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added, only those wells that contain Mouse ITPA, biotin-conjugated antibody and enzyme-conjugated Avidin will exhibit a change in color. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm 10nm. The concentration of Mouse ITPA in the samples is then determined by comparing the OD of the samples to the standard curve
