Product Datasheet

Horse Atrial Natriuretic Peptide (ANP) ELISA Kit BYT-ORB781471

Article Name	Horse Atrial Natriuretic Peptide (ANP) ELISA Kit
Biozol Catalog Number	BYT-ORB781471
Supplier Catalog Number	orb781471
Alternative Catalog Number	BYT-ORB781471-48, BYT-ORB781471-96
Manufacturer	Biorbyt
Category	Kits/Assays
Application	ELISA
Species Reactivity	Equine
Product Description	This assay employs the competitive inhibition enzyme immunoassay technique. The microtiter plate provided in this kit has been pre-coated with Atrial Natriuretic Peptide(ANP) protein. Standards or samples are added to the appropriate microtiter plate...
Concentration	2000 pg/mL
Range	31.25-2000 pg/mL
Sensitivity	9.06 pg/mL
Samples	Serum, plasma, other biological fluids

Application Notes

Application Notes: standard: 2000 pg/mL. Test principle: This assay employs the competitive inhibition enzyme immunoassay technique. The microtiter plate provided in this kit has been pre-coated with Horse ANP protein. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to Horse ANP. Next, Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm 10nm. The concentration of Horse ANP in the samples is then determined by comparing the OD of the samples to the standard curve
