Product Datasheet

Cattle Bcl2 Associated X Protein (Bax) ELISA Kit BYT-ORB781854

Article Name	Cattle Bcl2 Associated X Protein (Bax) ELISA Kit
Biozol Catalog Number	BYT-ORB781854
Supplier Catalog Number	orb781854
Alternative Catalog Number	BYT-ORB781854-48, BYT-ORB781854-96
Manufacturer	Biorbyt
Category	Kits/Assays
Application	ELISA
Species Reactivity	Bovine
Product Description	The test principle applied in this kit is Sandwich enzyme immunoassay. The microtiter plate provided in this kit has been pre-coated with an antibody specific to Bcl2 Associated X Protein(Bax)....
Concentration	20 ng/mL
Range	0.32-20 ng/mL
Sensitivity	0.13 ng/mL
UniProt	002703
Samples	Tissue homogenates, cell lysates and other biological fluids.

Application Notes

Application Notes: standard: 20 ng/mL. Test principle: The test principle applied in this kit is Sandwich enzyme immunoassay. The microtiter plate provided in this kit has been pre-coated with an antibody specific to Cattle Bax. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to Cattle Bax. Next, Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added, only those wells that contain Cattle Bax, biotin-conjugated antibody and enzyme-conjugated Avidin will exhibit a change in color. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm 10nm. The concentration of Cattle Bax in the samples is then determined by comparing the OD of the samples to the standard curve
