Product Datasheet

Rat AXL Receptor Tyrosine Kinase (AXL) ELISA Kit BYT-ORB781915

Article Name	Rat AXL Receptor Tyrosine Kinase (AXL) ELISA Kit
Biozol Catalog Number	BYT-ORB781915
Supplier Catalog Number	orb781915
Alternative Catalog Number	BYT-ORB781915-48, BYT-ORB781915-96
Manufacturer	Biorbyt
Category	Kits/Assays
Application	ELISA
Species Reactivity	Rat
Product Description	The test principle applied in this kit is Sandwich enzyme immunoassay. The microtiter plate provided in this kit has been pre-coated with an antibody specific to AXL Receptor Tyrosine Kinase(AXL)....
Concentration	150 ng/mL
Range	2.35-150 ng/mL
Sensitivity	0.9 ng/mL
Samples	Serum, plasma and other biological fluids.

Application Notes

Application Notes: standard: 150 ng/mL. Test principle: The test principle applied in this kit is Sandwich enzyme immunoassay. The microtiter plate provided in this kit has been pre-coated with an antibody specific to Rat AXL. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to Rat AXL. Next, Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added, only those wells that contain Rat AXL, biotin-conjugated antibody and enzyme-conjugated Avidin will exhibit a change in color. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm 10nm. The concentration of Rat AXL in the samples is then determined by comparing the OD of the samples to the standard curve
