### General Carnosine (Car) ELISA Kit BYT-ORB781923

Article Name	General Carnosine (Car) ELISA Kit
Biozol Catalog Number	BYT-ORB781923
Supplier Catalog Number	orb781923
Alternative Catalog Number	BYT-ORB781923-48, BYT-ORB781923-96
Manufacturer	Biorbyt
Category	Kits/Assays
Application	ELISA
Species Reactivity	All
Product Description	This assay employs the competitive inhibition enzyme immunoassay technique. The microtiter plate provided in this kit has been pre-coated with Carnosine(Car) protein. Standards or samples are added to the appropriate microtiter plate wells then with ...
Concentration	900 ng/mL
Range	14.07-900 ng/mL
Sensitivity	3.65 ng/mL
Samples	Serum, plasma, cell lysates, cell culture supernates and other biological fluids

Application Notes

Application Notes: standard: 900 ng/mL. Test principle: This assay employs the competitive inhibition enzyme immunoassay technique. The microtiter plate provided in this kit has been pre-coated with Car protein. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to Car. Next, Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm 10nm. The concentration of Car in the samples is then determined by comparing the OD of the samples to the standard curve
