General Lysophosphatidyl choline (LPC) ELISA Kit BYT-ORB781981

Article Name	General Lysophosphatidyl choline (LPC) ELISA Kit
Biozol Catalog Number	BYT-ORB781981
Supplier Catalog Number	orb781981
Alternative Catalog Number	BYT-ORB781981-48, BYT-ORB781981-96
Manufacturer	Biorbyt
Category	Kits/Assays
Application	ELISA
Species Reactivity	All
Product Description	This assay employs the competitive inhibition enzyme immunoassay technique. The microtiter plate provided in this kit has been pre-coated with Lysophosphatidylcholine(LPC) protein. Standards or samples are added to the appropriate microtiter plate we...
Concentration	20000 ng/mL
Range	312.5-20000 ng/mL
Sensitivity	92.4 ng/mL
Samples	serum, plasma, cell lysates, cell culture supernates and other biological fluids

Application Notes

Application Notes: standard: 20000 ng/mL. Test principle: This assay employs the competitive inhibition enzyme immunoassay technique. The microtiter plate provided in this kit has been pre-coated with LPC protein. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to LPC. Next, Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm 10nm. The concentration of LPC in the samples is then determined by comparing the OD of the samples to the standard curve
