## Product Datasheet

### General Phosphatidylserine (PS) ELISA Kit BYT-ORB781985

Article Name	General Phosphatidylserine (PS) ELISA Kit
Biozol Catalog Number	BYT-ORB781985
Supplier Catalog Number	orb781985
Alternative Catalog Number	BYT-ORB781985-48, BYT-ORB781985-96
Manufacturer	Biorbyt
Category	Kits/Assays
Application	ELISA
Species Reactivity	All
Product Description	This assay employs the competitive inhibition enzyme immunoassay technique. The microtiter plate provided in this kit has been pre-coated with Phosphatidylserine(PS) protein. Standards or samples are added to the appropriate microtiter plate wells th...
Concentration	1200 ng/mL
Range	18.75-1200 ng/mL
Sensitivity	5.16 ng/mL
Samples	Serum, plasma and other biological fluids

Application Notes

Application Notes: standard: 1200 ng/mL. Test principle: This assay employs the competitive inhibition enzyme immunoassay technique. The microtiter plate provided in this kit has been pre-coated with PS protein. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to PS. Next, Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm 10nm. The concentration of PS in the samples is then determined by comparing the OD of the samples to the standard curve
