Product Datasheet

General Levonorgestrel (LNG) ELISA Kit BYT-ORB781997

Article Name	General Levonorgestrel (LNG) ELISA Kit
Biozol Catalog Number	BYT-ORB781997
Supplier Catalog Number	orb781997
Alternative Catalog Number	BYT-ORB781997-48, BYT-ORB781997-96
Manufacturer	Biorbyt
Category	Kits/Assays
Application	ELISA
Species Reactivity	All
Product Description	This assay employs the competitive inhibition enzyme immunoassay technique. The microtiter plate provided in this kit has been pre-coated with Levonorgestrel(LNG) protein. Standards or samples are added to the appropriate microtiter plate wells then ...
Concentration	100 ng/mL
Range	1.57-100 ng/mL
Sensitivity	0.56 ng/mL
Samples	Serum, plasma and other biological fluids

Application Notes

Application Notes: standard: 100 ng/mL. Test principle: This assay employs the competitive inhibition enzyme immunoassay technique. The microtiter plate provided in this kit has been pre-coated with LNG protein. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to LNG. Next, Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm 10nm. The concentration of LNG in the samples is then determined by comparing the OD of the samples to the standard curve
