Product Datasheet

Human Anti-Synuclein Alpha Antibody (Anti-SNCa) ELISA Kit BYT-ORB782019

Article Name	Human Anti-Synuclein Alpha Antibody (Anti-SNCa) ELISA Kit
Biozol Catalog Number	BYT-ORB782019
Supplier Catalog Number	orb782019
Alternative Catalog Number	BYT-ORB782019-48, BYT-ORB782019-96
Manufacturer	Biorbyt
Category	Kits/Assays
Application	ELISA
Species Reactivity	Human
Product Description	This assay employs the competitive inhibition enzyme immunoassay technique. The microtiter plate provided in this kit has been pre-coated with Anti-Synuclein Alpha Antibody(Anti-SNCa) protein. Standards or samples are added to the appropriate microti...
Concentration	200 ng/mL
Range	3.13-200 ng/mL
Sensitivity	1.21 ng/mL
Samples	serum, plasma and other biological fluids

Application Notes

Application Notes: standard: 200 ng/mL. Test principle: This assay employs the competitive inhibition enzyme immunoassay technique. The microtiter plate provided in this kit has been pre-coated with Human Anti-SNCa protein. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to Human Anti-SNCa. Next, Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm 10nm. The concentration of Human Anti-SNCa in the samples is then determined by comparing the OD of the samples to the standard curve
