Product Datasheet

General Glutamic Acid (Glu) ELISA Kit BYT-ORB782063

Article Name	General Glutamic Acid (Glu) ELISA Kit
Biozol Catalog Number	BYT-ORB782063
Supplier Catalog Number	orb782063
Alternative Catalog Number	BYT-ORB782063-48, BYT-ORB782063-96
Manufacturer	Biorbyt
Category	Kits/Assays
Application	ELISA
Species Reactivity	All
Product Description	This assay employs the competitive inhibition enzyme immunoassay technique. The microtiter plate provided in this kit has been pre-coated with Glutamic Acid(Glu) protein. Standards or samples are added to the appropriate microtiter plate wells then w...
Concentration	10000 ng/mL
Range	156.25-10000 ng/mL
Sensitivity	45.8 ng/mL
Samples	biological fluids

Application Notes

Application Notes: standard: 10000 ng/mL. Test principle: This assay employs the competitive inhibition enzyme immunoassay technique. The microtiter plate provided in this kit has been pre-coated with Glu protein. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to Glu. Next, Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm 10nm. The concentration of Glu in the samples is then determined by comparing the OD of the samples to the standard curve
