General Anandamide (AEA) ELISA Kit BYT-ORB782098

Article Name	General Anandamide (AEA) ELISA Kit
Biozol Catalog Number	BYT-ORB782098
Supplier Catalog Number	orb782098
Alternative Catalog Number	BYT-ORB782098-48, BYT-ORB782098-96
Manufacturer	Biorbyt
Category	Kits/Assays
Application	ELISA
Species Reactivity	All
Product Description	This assay employs the competitive inhibition enzyme immunoassay technique. The microtiter plate provided in this kit has been pre-coated with Anandamide(AEA) protein. Standards or samples are added to the appropriate microtiter plate wells then with...
Concentration	200 ng/mL
Range	3.13-200 ng/mL
Sensitivity	0.94 ng/mL
Samples	serum, plasma and other biological fluids

Application Notes

Application Notes: standard: 200 ng/mL. Test principle: This assay employs the competitive inhibition enzyme immunoassay technique. The microtiter plate provided in this kit has been pre-coated with AEA protein. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to AEA. Next, Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm 10nm. The concentration of AEA in the samples is then determined by comparing the OD of the samples to the standard curve
