Product Datasheet

Mouse Homocysteine (HCy) ELISA Kit BYT-ORB782512

Article Name	Mouse Homocysteine (HCy) ELISA Kit
Biozol Catalog Number	BYT-ORB782512
Supplier Catalog Number	orb782512
Alternative Catalog Number	BYT-ORB782512-48, BYT-ORB782512-96
Manufacturer	Biorbyt
Category	Kits/Assays
Application	ELISA
Species Reactivity	Mouse
Product Description	This assay employs the competitive inhibition enzyme immunoassay technique. The microtiter plate provided in this kit has been pre-coated with Homocysteine(HCy) protein. Standards or samples are added to the appropriate microtiter plate wells then wi...
Concentration	8000 ng/mL
Range	125-8000 ng/mL
Sensitivity	38.44 ng/mL
Samples	serum, plasma and other biological fluids

Application Notes

Application Notes: standard: 8000 ng/mL. Test principle: This assay employs the competitive inhibition enzyme immunoassay technique. The microtiter plate provided in this kit has been pre-coated with Mouse HCy protein. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to Mouse HCy. Next, Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm 10nm. The concentration of Mouse HCy in the samples is then determined by comparing the OD of the samples to the standard curve
