Product Datasheet

Chicken Albumin (ALB) ELISA Kit BYT-ORB782531

Article Name	Chicken Albumin (ALB) ELISA Kit
Biozol Catalog Number	BYT-ORB782531
Supplier Catalog Number	orb782531
Alternative Catalog Number	BYT-ORB782531-48, BYT-ORB782531-96
Manufacturer	Biorbyt
Category	Kits/Assays
Application	ELISA
Species Reactivity	Gallus
Product Description	This assay employs the competitive inhibition enzyme immunoassay technique. The microtiter plate provided in this kit has been pre-coated with Albumin(ALB) protein. Standards or samples are added to the appropriate microtiter plate wells then with a ...
Concentration	100 µg/mL
Range	1.57-100 µg/mL
Sensitivity	0.57 µg/mL
UniProt	P19121
Samples	serum, plasma and other biological fluids

Application Notes

Application Notes: standard: 100 µg/mL. Test principle: This assay employs the competitive inhibition enzyme immunoassay technique. The microtiter plate provided in this kit has been pre-coated with Chicken ALB protein. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to Chicken ALB. Next, Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm 10nm. The concentration of Chicken ALB in the samples is then determined by comparing the OD of the samples to the standard curve
