Chicken Bilirubin (Bb) ELISA Kit BYT-ORB782532

Article Name	Chicken Bilirubin (Bb) ELISA Kit
Biozol Catalog Number	BYT-ORB782532
Supplier Catalog Number	orb782532
Alternative Catalog Number	BYT-ORB782532-48, BYT-ORB782532-96
Manufacturer	Biorbyt
Category	Kits/Assays
Application	ELISA
Species Reactivity	Gallus
Product Description	This assay employs the competitive inhibition enzyme immunoassay technique. The microtiter plate provided in this kit has been pre-coated with Bilirubin(Bb) protein. Standards or samples are added to the appropriate microtiter plate wells then with a...
Concentration	100 µg/mL
Range	1.57-100 µg/mL
Sensitivity	0.47 µg/mL
Samples	serum, plasma and other biological fluids

Application Notes

Application Notes: standard: 100 µg/mL. Test principle: This assay employs the competitive inhibition enzyme immunoassay technique. The microtiter plate provided in this kit has been pre-coated with Chicken Bb protein. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to Chicken Bb. Next, Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm 10nm. The concentration of Chicken Bb in the samples is then determined by comparing the OD of the samples to the standard curve
