## Product Datasheet

### Mouse Trans Golgi Network Protein 2 (TGOLN2) ELISA Kit BYT-ORB782651

Article Name	Mouse Trans Golgi Network Protein 2 (TGOLN2) ELISA Kit
Biozol Catalog Number	BYT-ORB782651
Supplier Catalog Number	orb782651
Alternative Catalog Number	BYT-ORB782651-48, BYT-ORB782651-96
Manufacturer	Biorbyt
Category	Kits/Assays
Application	ELISA
Species Reactivity	Mouse
Product Description	The test principle applied in this kit is Sandwich enzyme immunoassay. The microtiter plate provided in this kit has been pre-coated with an antibody specific to Trans Golgi Network Protein 2(TGOLN2)....
Concentration	20 ng/mL
Range	0.32-20 ng/mL
Sensitivity	0.098 ng/mL
UniProt	<a href="#">Q62314</a>
Samples	Tissue homogenates, cell lysates and other biological fluids

Application Notes

Application Notes: standard: 20 ng/mL. Test principle: The test principle applied in this kit is Sandwich enzyme immunoassay. The microtiter plate provided in this kit has been pre-coated with an antibody specific to Mouse TGOLN2. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to Mouse TGOLN2. Next, Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added, only those wells that contain Mouse TGOLN2, biotin-conjugated antibody and enzyme-conjugated Avidin will exhibit a change in color. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm 10nm. The concentration of Mouse TGOLN2 in the samples is then determined by comparing the OD of the samples to the standard curve
