### General 11-keto Testosterone (11-KT) ELISA Kit BYT-ORB782702

Article Name	General 11-keto Testosterone (11-KT) ELISA Kit
Biozol Catalog Number	BYT-ORB782702
Supplier Catalog Number	orb782702
Alternative Catalog Number	BYT-ORB782702-48, BYT-ORB782702-96
Manufacturer	Biorbyt
Category	Kits/Assays
Application	ELISA
Species Reactivity	All
Product Description	This assay employs the competitive inhibition enzyme immunoassay technique. The microtiter plate provided in this kit has been pre-coated with 11-KT( 11-keto Testosterone) protein. Standards or samples are added to the appropriate microtiter plate we...
Concentration	10000 pg/mL
Range	156.25-10000 pg/mL
Sensitivity	44.42 pg/mL
Samples	serum, plasma and other biological fluids

Application Notes

Application Notes: standard: 10000 pg/mL. Test principle: This assay employs the competitive inhibition enzyme immunoassay technique. The microtiter plate provided in this kit has been pre-coated with 11-KT protein. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to 11-KT. Next, Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm 10nm. The concentration of 11-KT in the samples is then determined by comparing the OD of the samples to the standard curve
