| Category                   | Antikörper                                                                                                                                                                             |
| Application                | ELISA, FC, ICC, IF, IHC-Fr, IHC-P, WB                                                                                                                                                  |
| Species Reactivity         | Rat                                                                                                                                                                                    |
| Immunogen                  | Native Rat IgG                                                                                                                                                                         |
| Conjugation                | Biotin                                                                                                                                                                                 |
| Product Description        | The Rabbit Anti-Rat IgG H&L, Biotin conjugated is a Biotin conjugated polyclonal antibody suitable for ELISA, FC, ICC, IF, IHC-Fr, IHC-P, WB. This product reacts with Rat samples.... |
| Clonality                  | Polyclonal                                                                                                                                                                             |
| Concentration              | 2.0 mg/ml                                                                                                                                                                              |
| Buffer                     | 10 mM TBS (pH=7.4) with 1% rAlbumin, 0.03% Proclin300 and 50% glycerol.                                                                                                                |
| Form                       | Liquid                                                                                                                                                                                 |

|                    |                                                                                                                               |
