| Supplier Catalog Number    | 32-5425                                                                                                                                                                                                                                                       |
| Alternative Catalog Number | ABI-32-5425-0.5MG                                                                                                                                                                                                                                             |
| Manufacturer               | Abeomics                                                                                                                                                                                                                                                      |
| Category                   | Proteine/Peptide                                                                                                                                                                                                                                              |
| Product Description        | Source : The E.Coli derived 70 kDa recombinant protein contains sequences from 4 gene products (proteins) of the hepatitis C virus (HCV) were scanned by using 3 different PCR-based techniques in search of the most immunoreactive regions suitable for ... |
| Purity                     | HCV protein is >95% pure as determined by 10% PAGE (coomassie staining).                                                                                                                                                                                      |
| Antibody Type              | Recombinant Antibody                                                                                                                                                                                                                                          |
