| Category                   | Proteine/Peptide                                                                                                                                                                                                                                              |
| Product Description        | Source : E. coli,Platelet-derived growth factor alpha (PDGFA) is a member of PDGF family. PDGFA can form disulfide-linked homodimer or heterodimer with PDGFB. PDGF proteins mediate diverse cellular functions by binding to and inducing the homo- or he... |
