| Category                   | Proteine/Peptide                                                                                                                                                                                                                                              |
| Product Description        | Source : Human Cells,Multiple Inositol Polyphosphate Phosphatase 1/MINPP1 is an enzyme that removes 3-phosphate from inositol phosphate substrates. MINPP1 also converts 2,3 bisphosphoglycerate (2,3-BPG) to 2-phosphoglycerate. MINPP1 is synthesized as... |
