## Product Datasheet

### **Phospho-RelB (Ser552) (Clone: A7) rabbit mAb FITC conjugate, Clone: [RelBS552-A7], Rabbit, Monoclonal ABI-12-4210**

|                            |                                                                                                                                                                                                                                                                        |

| Immunogen                  | A synthetic phospho-peptide corresponding to residues surrounding Ser552 of human phospho RelB                                                                                                                                                                         |
| Conjugation                | FITC                                                                                                                                                                                                                                                                   |
| Product Description        | RelB contains the Rel homology Domain (RHD) shared by all members of the NF- $\kappa$ B family (1). It is best known for its roles in lymphoid development, DC biology, and noncanonical signaling (2). RelB is a major contributor to chromatin biology, frequentl... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                             |
| Clone Designation          | [RelBS552-A7]                                                                                                                                                                                                                                                          |

|                    |                                                                                                                                                                                                                                                                |
|--------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Dilute | For flow cytometric staining, the suggested use of this reagent is 5 $\mu\text{L}$ per million cells or 5 $\mu\text{L}$ per 100 $\mu\text{L}$ of staining volume. It is recommended that the reagent be titrated for optimal performance for each application. |
