| Application                | ELISA                                                                                                                                                                                                                                                                                                                                                       |
| Product Description        | Specificity: Anti-SARS-CoV-2 Spike RBD, clone 2355, specifically targets an epitope on the SARS-CoV-2 spike protein receptor-binding domain (RBD). Antigen Distribution: The spike RBD is expressed on the surface of SARS-CoV-2. Background: Severe acute...                                                                                               |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                                                                                                                  |
| Clone Designation          | [2355]                                                                                                                                                                                                                                                                                                                                                      |
| Purity                     | Purity :>=90% monomer by analytical SEC and SDS-PagePreparation : Recombinant antibodies are manufactured in an animal free facility using only in vitro protein free cell culture techniques and are purified by a multi-step process including the use of protein A or G to assure extremely low levels of endotoxins, leachable protein A or aggregates. |
| Target                     | SARS-CoV-2 RBD                                                                                                                                                                                                                                                                                                                                              |
