## Product Datasheet

### **Anti-pS2 / pNR-2 / TFF1 (Estrogen-Regulated Protein) Monoclonal Antibody(Clone: TFF1/2969R), Clone: [TFF1/2969R], Rabbit ABI-36-3233**

|                            |                                                                                                                                                                                                                                                               |

| Species Reactivity         | Human                                                                                                                                                                                                                                                         |
| Immunogen                  | Synthetic peptide of 28 amino acid residues corresponding to CFDDTVRGVPWCFYPNTIDVPPEEECEF (aa57-84) from the C-terminus of human pS2.                                                                                                                         |
| Product Description        | It recognizes a polypeptide of 6.5kDa, identified as pS2 estrogen-regulated protein. Its epitope is localized between aa57-84 of human pS2 protein. pS2 is a trefoil peptide. Trefoil peptides are protease resistant molecules secreted throughout the gu... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                    |
