| Category                   | Antikörper                                                                                                                                                                                                                                                    |
| Application                | ELISA, WB                                                                                                                                                                                                                                                     |
| Immunogen                  | A synthetic CBP tag peptide KRRWKKNFIAVSAANRFKKISSSGAL conjugated to KLH                                                                                                                                                                                      |
| Product Description        | CBP tag is a calmodulin-binding peptide, KRRWKKNFIAVSAANRFKKISSSGAL, derived from skeletal/cardiac muscle myosin light chain kinase 2. Rabbit Anti-CBP-tag Polyclonal Antibody is developed in rabbit hosts using a synthetic CBP tag peptide conjugated t... |
| Clonality                  | Polyclonal                                                                                                                                                                                                                                                    |
| Purity                     | Immunoaffinity chromatography                                                                                                                                                                                                                                 |
| Form                       | Purified                                                                                                                                                                                                                                                      |
| Application Dilute         | ELISA: 0.05-0.2 ,µg/ml Western blot: 1-2 ,µg/ml Reconstitute the lyophilized powder with deionized water (or equivalent) to an antibody concentration of 0.5 mg/ml.                                                                                           |
