## Product Datasheet

### **[KO Validated] Mouse ATP13A2 Rabbit mAb MJFF-F-26F1, Unconjugated, Monoclonal ABB-A28708**

|                            |                                                                                 |
|----------------------------|---------------------------------------------------------------------------------|
| Article Name               | [KO Validated] Mouse ATP13A2 Rabbit mAb MJFF-F-26F1, Unconjugated, Monoclonal   |
| Biozol Catalog Number      | ABB-A28708                                                                      |
| Supplier Catalog Number    | A28708                                                                          |
| Alternative Catalog Number | ABB-A28708-20UL, ABB-A28708-1000UL, ABB-A28708-100UL, ABB-A28708-500UL          |
| Manufacturer               | ABclonal                                                                        |
| Host                       | Rabbit                                                                          |
| Category                   | Antikörper                                                                      |
| Application                | ELISA, IF, IHC-P, WB                                                            |
| Species Reactivity         | Mouse                                                                           |
| Immunogen                  | Synthetic peptide. This information is considered to be commercially sensitive. |
| Conjugation                | Unconjugated                                                                    |
| Clonality                  | Monoclonal                                                                      |
| Molecular Weight           | 126 kDa                                                                         |
| NCBI                       | <a href="#">74772</a>                                                           |
| UniProt                    | <a href="#">Q9CTG6</a>                                                          |
| Purity                     | Affinity purification                                                           |

|                    |                                                                                                                                                                                                                                                                 |
|--------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Dilute | WB,1:2000-1:5000 IF/ICC,1:100-1:400 IF-P,1:100-1:400 IHC-P, 1:200-1:800 ELISA,Recommended starting concentration is 1 µg/mL. Please optimize the concentration based on your specific assay requirements. For high-ratio antibody dilutions (1:10000),a sequent |
| Application Notes  | Cross-Reactivity: Mouse. ResearchArea: Cancer,Signal Transduction,Endocrine Metabolism,Neuroscience,Neurodegenerative Diseases,Dopamine Signaling in Parkinsons Disease. Shipping: Ice Bag                                                                      |
