| Manufacturer               | TargetMol                                                                                                                                    |
| Category                   | Biochemikalien                                                                                                                               |
| Product Description        | Fmoc-NH-PEG8-CH <sub>2</sub> CH <sub>2</sub> COOH (Fmoc-N-amido-PEG8-acid) is a degradable ADC linker for the synthesis of ADC compounds.... |
| Molecular Weight           | 663.75                                                                                                                                       |
| Purity                     | 99.18%                                                                                                                                       |
| CAS Number                 | [756526-02-0]                                                                                                                                |
| Formula                    | C <sub>34</sub> H <sub>49</sub> NO <sub>12</sub>                                                                                             |
| Target                     | PROTAC Linker   ADC Linker                                                                                                                   |
