| Alternativnummer         | USB-141287-200                                                                                                                                                                                                                                                      |
| Hersteller               | US Biological                                                                                                                                                                                                                                                       |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                              |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                          |
| Applikation              | IHC, WB                                                                                                                                                                                                                                                             |
| Immunogen                | Recombinant protein corresponding to aa23-76 from human LEAP2, expressed in E. coli.                                                                                                                                                                                |
| Produktbeschreibung      | Applications: Suitable for use in Western Blot and Immunohistochemistry. Other applications not tested.<br>Recommended Dilutions: Western Blot: 0.01-2ug/ml<br>Immunohistochemistry (Paraffin): 5-20ug/ml Optimal dilutions to be determined by the researcher. ... |
| UniProt                  | <a href="#">Q969E1</a>                                                                                                                                                                                                                                              |
| Reinheit                 | Purified by Protein A and peptide affinity chromatography.                                                                                                                                                                                                          |
| Formulierung             | Supplied as a liquid in PBS, pH 7.4, 0.05% Proclin-300, 50% glycerol.                                                                                                                                                                                               |
